
FORWARD LOOKING STATEMENT

This prospectus contains forward looking statements that are not historical facts and, by their nature, subject to significant risks and uncertainties, including the risk factors described in this prospectus. Forward looking statements can be identified by words such as “may”, “will”, “should”, “would”, “could”, “believe”, “expect”, “anticipate”, “intend”, “plan”, “continue”, “seek”, “estimate” or the negative of these terms or other comparable terminology. Examples of forward looking statements include, but are not limited to, statements we make regarding our projections, business strategy and development activities as well as other capital spending, financing sources, the effects of regulation, expectations concerning future operations, margins, profitability and competition. The foregoing is not an exclusive list of all forward looking statements we make.

Forward looking statements are based on our current expectation and assumptions regarding our business, the economy and other future conditions. We can give no assurance that these expectations and assumptions will prove to have been correct. Because forward looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our results may differ materially from those contemplated by forward looking statements. They are neither statements of historical facts nor guarantees or assurances of future performance. We caution you therefore against relying on any of these forward looking statements. Important factors that could cause actual results, performance or achievements to differ materially from those in the forward looking statements include regional, national or global political, economic, business, competitive, market and regulatory conditions and the following:

- our ability to maintain and strengthen our position as an exhibition organiser;
- our goals and strategies;
- our investment and capital expenditure plans;
- our profit estimate and other prospective financial information;
- our ability to stay abreast of market trends and maintain commercially reasonable relationships with our customers and suppliers;
- our ability to retain core team members and recruit qualified and experienced new team members;
- expected growth in the exhibition industry in the global market; and
- the other factors that are described in the section headed “Risk factors” in this prospectus

Any forward looking statement made by us in this prospectus speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We do not intend to update or otherwise revise the forward looking statements in this prospectus, whether as a result of new information, future events or otherwise. Subject to the requirements of applicable laws, rules and regulations, we undertake no obligation to publicly update any forward looking statement, whether as a result of new information, future developments or otherwise. All forward looking statements contained in this prospectus are qualified by reference to this cautionary statement.
